

COUNTERTOP SINGLE BURNER (HOB) COOKTOP with Apogee™ Controls

PERFORMANCE

The CookTek® Countertop Single Burner (Hob) Cooktop with Apogee™ Controls is a portable countertop design with stainless steel housing and a glass-ceramic cooktop intended for use in commercial kitchens and restaurants. An automatic shut-off feature, integral cooling fan, and self-diagnosing microprocessor allow for a safe kitchen environment. Each unit is equipped with 100 power cook and temperature settings to ensure maximum and efficient heating of any induction-compatible pan.*

FEATURES

- Models available in 1,800 (U.S. only); 2,500; 3,000; 3,500 watts
- Portable design with stainless steel housing
- High-quality internal electronics and heavy gauge Litz wire
- Easy-to-clean high-temperature glass-ceramic top
- Automatic pan detection allows for instant energy transmission to pan
- Built-in cook timer
- Lock feature prevents unwanted settings changes
- 100 power cook and temperature settings
- Touch controls with LCD display panel
- Automatic shut-off feature prohibits overheating
- Integral grease filter and air baffle ensure air intake is cleaner and cooler
- Microprocessor monitors vital components to check for overheating, power supply issues, and more
- Integral fan keeps internal components cool
- Available in 100–120 VAC or 200–240 VAC, single phase
- Includes plug and cord (6 ft. nominal)
- Two-year advanced replacement warranty – U.S. and Canada

CERTIFICATIONS

*Induction cooking requires the use of induction-compatible (i.e. magnetic) cookware.

It is the owner and installer's responsibility to comply with all local codes. CookTek reserves the right to make substitutions of components or change specifications without prior notice.
